Nazwa	Projektor Barco DP2K-P
Cena	0,00 zł
Producent	Barco

OPIS PRODUKTU

The Barco DP2K-P is a 2K digital projector specifically designed to meet the high-performance needs of the post-production industry.

Proven platform

The DP2K-P builds on the proven platform of the Barco DP2K-B projectors, from which it inherits widely acclaimed benefits such as best-in-class light efficiency, lowest cost of ownership, and ultimate ease-of-use.

Enhanced image detail

To respond to the highly specialized needs of post-production houses, the DP2K-P projector delivers improved contrast, superior brightness uniformity, and a greatly expanded color gamut - considerably wider than the current DCI recommended color space.

Increased control

What's more, the DP2K-P post-production projector is bundled with a special version of the Barco Communicator software, enabling you to fully customize your 2D and 3D look-up tables. This dedicated software provides increased control over the color space, which allows you to do your job with an unprecedented level of accuracy.

Features

Superior brightness uniformity

Extra wide color gamut - significantly wider than the DCI recommended color space

Increased detail thanks to exceptionally high contrast ratio

Customizable 2D and 3D look-up tables via Communicator software

Long-term image quality and brightness thanks to proprietary sealed engine and advanced DMD cooling

Easy to use thanks to the intuitive user interface

Easy installation and maintenance thanks to proven modular design

Lowest cost of ownership thanks to lowest lamp operating cost, re-usable filters and modular design

Next-generation electronics ready for DLP Cinema® Enhanced 4K
